

CLAIM AMENDMENT SHEET

1. (currently amended) A disposable cover for an oil filter; said filter including a canister for containing oil, said canister having a flow hole with a seal surrounding the flow hole; said cover comprising a cover plate and a clamp device; said cover plate for overlying said flow hole in engagement against said seal, said clamp device extending through said cover plate and including a part for engagement with said canister at said flow hole to compress the cover plate against said seal.
2. (currently amended) A disposable cover for an oil filter; said filter including a canister for containing oil, said canister having a flow hole with a seal surrounding the flow hole; said cover comprising a cover plate and a clamp device; said cover plate for overlying said flow hole in engagement against said seal, said clamp device extending through said cover plate for engagement with said canister to compress the cover plate against said seal;
~~The disposable cover of claim 1 wherein said clamp device includes~~
including a threaded bolt and a threaded nut; said nut turned onto said bolt; said bolt including a flexible head larger than said flow hole and being forced fittable through the flow hole into said canister; said cover plate having a hole; said bolt protruding through said hole in said cover plate with said cover plate located between said nut and said head.
3. (original) The disposable cover of claim 2 wherein said bolt is made of molded plastic.

4. (new) In combination a disposable cover and an oil filter wherein said filter includes a canister for containing oil, said canister having a flow hole with a seal surrounding the flow hole, said cover comprising a cover plate and a clamp device, said cover plate overlying said flow hole in engagement against said seal, said clamp device extending from said cover plate and through said flow hole , said clamp device engaging said canister at said flow hole to secure said cover plate against said seal.
